...in with the new! CASIO fx-991EX

Stunning design and a new high-resolution screen delivers more information in a very clear manner, all in text book form!

Algebraically perfect display with the very best definition of any scientific calculator, by a long way! Aids understanding by displaying answer to complex calculations such as solutions to quadratic, cubic or quartic polynomial inequalities, exactly as written, even with correct inequality symbols!

- Simultaneous linear equations in 2-4 unknowns
- Matrices up to 4x4
- Probability distributions for normal, binomial and Poisson probability functions. Includes probability and cumulative probability distribution for all functions, and inverse normal distribution.

- 2nd-4th degree polynomials and inequalities
- Riemann integrals
- Enhanced Vector features offering the ability to show the angle between two vectors.
- Enhanced equation solver and a super-fast processor

Quantity 1-49
£19.95 (£23.94)

Quantity 50+
£18.95 (£22.74)

ORDER 8 FOR FREE DELIVERY

Solve quadratic inequalities... even the tricky 2-branch solution

$$ax^2+bx+c>0$$

$$1x^2+3x+2>0$$

$$x<a, b<x$$

$$x<-2, -1<x$$

Find the gradient using the numeric differentiation function

$$\frac{d}{dx}(x^3-x)|_{x=2}$$

Find the max/min of a function

$$\text{Min of } y=ax^2+bx+c$$

$$x=-\frac{3}{2}$$

$$\text{Min of } y=ax^2+bx+c$$

$$y=-\frac{1}{4}$$

Check the modulus of a vector

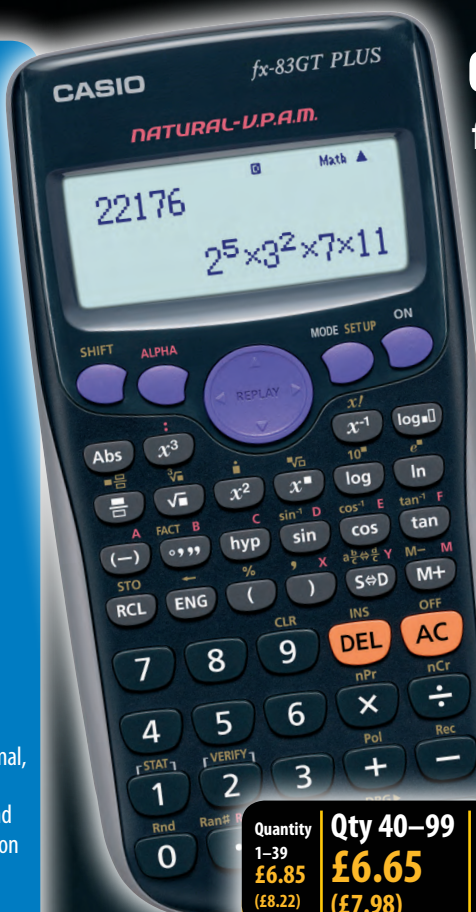

$$\text{Abs}(\text{Vct } A)$$

Software emulator licenses:

Project a large facsimile of the fx-991EX via your data projector and use on your IWB. Excellent for instruction on use, screen grabs for printing worksheets and following step-by-step calculations

Software emulators are licensed per user per year. The software may be installed locally or on the server. Download your 90 day free trial from: calculators.casio.co.uk/991ex-emulator-download

fx-83GT PLUS

The most popular scientific calculator in UK schools, with comprehensive features for GCSE maths. A robust design with hard case and a 3 year 'exchange for new' warranty, exclusively from Oxford Educational Supplies.

The natural display makes using the FX83GT Plus intuitive from day one of year 7! Enter expressions and data exactly as they appear in text books and with list-based stats, prime factorisation, recurring decimal annotation along with all standard scientific functions, this model may well see your pupils right through secondary school.

OXFORD OES613

Features a two line display with recall and edit functionality and algebraically correct form of entry. A scrolling top line shows the complete expression whilst the solution is visible below.

Functions include: Factorials, Permutations and combinations. Random number. Fractions. Polar/rectangular conversions. Stats with data editor. Two-variable regression analysis. Robust design with a hard, slide-on case.

AURORA AX-595TV

Displays expressions in a textbook format, as written or viewed. Factorial, Permutations and combinations, random number generator, two-variable stats, function evaluation table and much more! LCM, GCD and quotient/remainder divisions. Robust design with hard keys and a slide on plastic case with a 3 year warranty.

State colour when ordering: Black or Pink.

Introducing... The Casio Technology Advantage (CTA)

The Casio Technology Advantage is a new scheme offering teacher training and support on the CG-50 and very special pricing to schools on all Casio graphical calculators. With unequalled experience in teaching mathematics using technology, Casio are able to help you teach the new A level in a way no other manufacturer can. Please register now to benefit from the special pricing available and further details on courses.

Registration takes less than a minute and you will not be disappointed!

(Text only, no voice calls, please!)

CASIO fx-CG50

The new A-level has a greater emphasis on problem solving, modelling and reasoning. This means that students will have to understand the mathematical concepts in depth and how they are linked. The Casio fx-CG50 aids understanding and enables problems to be addressed that would be impractical or inefficient to tackle without it.

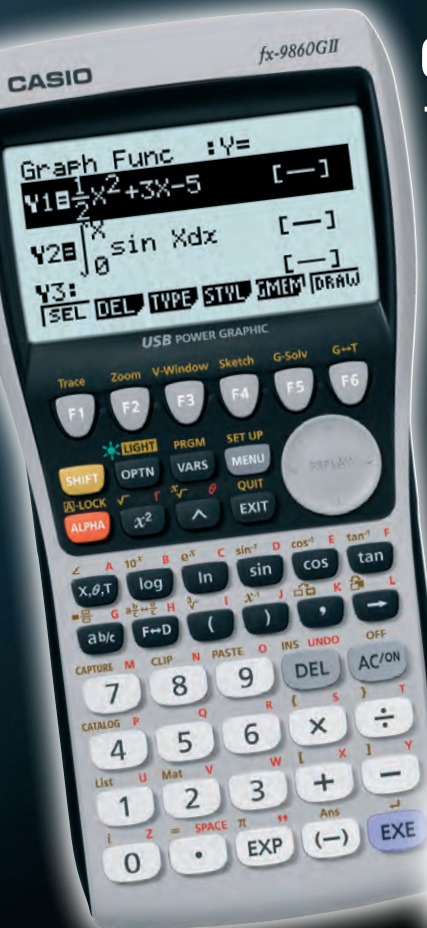

The powerful and easy-to-use CG50 puts the power of technology literally into the hands of students:

- an intuitive tool that enables visualisation of maths, helping students to form conceptual understanding and discover links
- powerful computation functionality beyond that found on even advanced scientific calculators
- fx-CG50 is available immediately – no laptops or computer rooms need to be booked
- fx-CG50 can be used in the exam – unlike any other technology
- Teacher support includes a software emulator, free training and free ready-made learning resources
- 3D graphing for Further Maths
- Approved for use in GCSE, AS/A Level, Standard Grade, Higher Grade and Advanced Higher Grade examinations and all IB courses and examinations.

CASIO

fx-9860GII

Features a natural, text book display
The fx-9860G-II features a natural, text book display making it possible to display fractions, exponents, logarithms, powers, and square roots just as they are written in the textbook.

This mid-level graphic calculator has all the functions of the fx-9750. In addition this calculator has natural maths display - surds, fractions, derivatives, integrals and sigma summation show as in a textbook.

- vector calculation (products, angle, magnitude)
- geometry drawing
- spreadsheet capability
- examination mode

IB EXAM APPROVED. fx-9860G-II's shipped by OES have operating system V2.09 or later installed, approved for IB exams.

CASIO

fx-9750GII

A classic in its own time! A good introduction to using a graphical calculator to enhance learning by visualising complex mathematics.

Tried and tested over the last 20 years, the fx-9750G-II has a long and successful history of use in teaching. Functions include the ability to graph in terms of x, Normal Distribution, statistical graph types, metric and imperial unit conversions, number features including lowest common multiple and modulo arithmetic.

Please note: this model does not feature the natural, text book display. See fx-9860G-II for this feature.

IN-HOUSE LASER ENGRAVING SERVICE HIGH QUALITY AND FAST DELIVERY!

Secure your school stocks of calculators by selecting one of the distinctive colours of calculator and then engrave with school name, department details or even sequential serial numbers. For pupils, we can engrave individual names. Everything is done in-house so as not to affect our 24 hour delivery promise.

THE COST IS VERY REASONABLE!

Since our pricing can be as much as 20% lower than retailers such as Tesco, Sainsbury, Ryman's and W H Smith you can engrave the calculators purchased from us and the total cost will still be less than retail price in most cases.

The benefits are:

Exam eligibility – Particularly in the case of graphics, JCQ and awarding body guidelines are confusing. Marking eligible models takes away any chance of error, either by pupil or invigilator.

Standardisation – Ensure all pupils have the appropriate technology by ordering centrally and marking calculators.

Economy from security! – No more disputes of ownership where identical products are owned by school and pupils.

Ownership – Pupils will value a personalised item and take more care of it.

Serial numbering – We can sequentially number calculators if they are for your own stock allowing accurate inventory control.

School branding – Help to foster pride in your organisation and in mathematics by engraving your logo and department details.

Please note: Some logos do not reproduce well! We will advise suitability upon receipt of your instructions.

How to order:
We simply need to know your choice of calculator, where you would like the engraving and what you would like engraving, preferably in electronic form.

We love to speak to our customers so a quick phone call of 2 minutes to 01869 344500 is ideal. Alternatively, an email or school order with print details attached is fine.

THIS SERVICE IS QUICK, SIMPLE AND INEXPENSIVE. PLEASE CALL NOW OR MENTION ENGRAVING AT THE TIME OF ORDERING IT WILL TAKE JUST A FEW MINUTES TO ARRANGE!

ORDERING BY PHONE

We love to talk to our customers and we can often bring you right up-to-date with product and offers. Please call **01869 344500** for direct connection to the best advisers in the calculator world!

ORDERING BY FAX

Send your order at any time to 01869 343654
24 hours a day, 7 days a week.

ORDERING ONLINE

www.oxford-educational.co.uk
www.studentcalculators.co.uk

Our on-line catalogue for use by teachers and schools.

PAYMENT

All UK schools have an account with us! An invoice will be sent with goods for payment within 30 days. For private orders we accept cheques, postal orders and all major credit/debit cards.

CARRIAGE

Carriage is free on orders over £150 ex VAT. Carriage will be charged to a maximum of £6.95 on orders of less than £150 ex VAT. Overseas, offshore UK, Highlands and BFPO deliveries carry a carriage surcharge. We will confirm costs before despatch.

CUSTOMER SERVICE

If you need any further information please call Customer Service on 01869 344500.

NO RETURN RETURNS POLICY!

Covering purchases of scientific calculators made from 1st September 2014, we will replace with new, upon receipt of an email picture of the fault and a copy invoice. This policy only relates to scientific calculators and is intended to save teachers time, trouble and expense on the rare occasion that a fault occurs.

There is no change to our comprehensive 3 year exchange for new guarantee that covers all products. In addition, our own brand OES model calculators carry a 5 year warranty. Our guarantee is 'no quibble'. If we cannot repair a product to your satisfaction within 48 hours of receipt we will replace it with a brand new equivalent. We would recommend that you use Recorded Delivery for all returns for your own protection. Please ensure that you enclose a brief letter stating your name and address and the reason for return.

**FOREVER
ANGELS**

**Proud to Support
Forever Angels**

Oxford Educational Supplies are proud to support a cause very close to our hearts, Forever Angels Baby Home, Tanzania, giving orphaned, abused and neglected small babies and children a chance in life. The home works to bring these children, if possible, back to their families when ready. Filling their lives with the love and attention that all young children need and deserve. A truly incredible place run by volunteers.

Please learn more at www.foreverangels.org

**SALE OR
RETURN**

Guidelines

This is a very simple scheme and we keep the rules as straightforward as possible! Please telephone your order to us stating that you would like 'Sale or Return'. Make a sensible estimate of your requirements and the goods will be despatched to arrive with you the following day.

We do not require a school purchase order at this stage. A provisional invoice and delivery note will arrive with the goods that you hold until the process has been completed. Do not submit this invoice for payment, it is just for information at this stage. The goods can stay with you for up to 30 days without obligation to purchase anything at all!

Obviously, we hope you will purchase, and at the end of 30 days you may have sold everything. In this case simply submit the invoice for payment within the next 30 days. Therefore, the complete process can take 60 days, plenty of time and no pressure!

If you do have stock left over we can arrange collection by UPS at £9.95 + VAT per box or you may return small quantities by post. Please use Recorded Delivery, for your own protection. If initial estimates are sensible we rarely find a need for returns and additional stock can be with you very promptly so there is no need to over order.

Extended Credit

Receive the goods now and pay 60 days later. Combined with Sale or Return this is a very useful scheme for use at parent evenings for new intakes or for pupil offers.

Fix the price and ensure all current offers by booking now for delayed delivery on your specified date.

Examination Approval

The majority of the calculators supplied by Oxford Educational Supplies are permitted for use in public examinations and assessments in the UK. The only exceptions are calculators that have in-built Computer Algebra System (CAS) capabilities. This is only the HP-Prime and the Texas Nspire CX CAS which are not featured in this catalogue. If in doubt, please call us or contact your awarding body.

The Joint Council for Qualifications (JCQ) produce the criteria for permitted use of calculators for the English awarding bodies. The Scottish Qualifications Authority (SQA) produces the criteria for permitted use of calculators for all National Qualifications in Scotland. The International Baccalaureate (IB) produces an approved list of graphic calculator models for their Standard and Higher Diploma programmes, available from us upon request or from the IB.

**We only use UPS – the world's premier
delivery service, to further improve our
service to you, our valued customer.**
