

Autumn Term 2024

Calculators and maths equipment

OXFORD

EDUCATIONAL
Supplies

BE READY FOR ACTION!

Full ranges of calculators and software from all major manufacturers and everything else your pupils will need to be properly equipped for their maths lessons.

SPECIAL OFFER!

For every calculator purchased, buy a Geometry Set or Bag o' Bits **for just 99p!**

LASER ENGRAVING!

School or pupil names, department, serial numbers, anything can be engraved to suit your needs.

From just £1!

Technology that's perfect for teaching,
proven for learning

Everything is in stock for next-day delivery.

See back page for ordering details and special schemes for school purchases.

UPGRADE TO GRAPHIC CALCULATORS

Fully supported and priced specially for schools.

The CASIO ClassWiz range

The CASIO ClassWiz range, the UK's most popular scientific calculators preferred by over 90% of schools, have been carefully developed to offer students a better learning experience and teachers continuity and ease of use to encourage exploration of mathematics.

CASIO fx-83GT-CW

A perfect match of functions to the current maths curriculums.

Easy to use and at an affordable price, the FX83GT-CW is the very best calculator you can offer your students. Supported by SOFTWARE EMULATORS, that are FREE OF CHARGE, fx-83GT-CW will enhance teaching and learning of mathematics at all levels.

Quantity 1-39	Qty 40-99	Qty 100+
£9.85 (£11.82)	£9.34 (£11.21)	£9.17 (£11.00)

ORDER 27 FOR FREE DELIVERY

Ultra high definition screen giving unprecedented clarity.

fx-83GT-CW continues to offer more choice of colour and style than other calculators

Quantity 1-39	Qty 40-99	Qty 100+
£9.85 (£11.82)	£9.34 (£11.21)	£9.17 (£11.00)

ORDER 27 FOR FREE DELIVERY

IMPORTANT: The default colour for us to ship is black. If you require blue and/or pink, please state clearly when ordering.

Improvements include:

- Natural maths display
- Scrolling menu navigation
- Simplified keys with main functions
- Easy-to-use number formatting
- 4-tone input display with a new font
- Keys that work pressed at any angle
- Clip-on cover

MATHS BOX of apps including number line, coin toss and dice roll.

CATALOG to keep the keyboard clear.

CASIO fx-85GT-CW Solar

All the functions of the fx-83GT-CW with the benefit of SOLAR power

The all new design includes:

- Natural maths display
- Scrolling menu navigation
- Simplified keys with main functions
- Easy-to-use number formatting
- 4-tone input display with a new font
- Keys that work pressed at any angle
- Clip-on cover

IMPORTANT: The default colour for us to ship is black. If you require white, please state clearly when ordering.

Support Casio are the only brand with a dedicated product division for calculator training and support within the UK.

WE'RE HERE TO HELP! Any questions, call OXFORD EDUCATIONAL on 01869 344500

FREE EMULATORS FOR ALL CLASSWIZ MODELS!

Available here, free of charge

To see full instructions on installation and to download your copy go to www.studentcalculators.co.uk/cwemulator or scan the QR code.

Every maths teacher can get their access code and use the emulator on any device and in any location! Registration is teacher specific, not device specific, giving you maximum flexibility in where you use the product.

When you have registered, simply log in online wherever you may be and on any device and the full ClassPad functionality will be available, including the emulator matching any of the new CW scientific calculator range.

SPECIAL OFFER!
For every calculator purchased, buy a geometry set or Bag o' Bits for **JUST 99p** Saving up to £1!

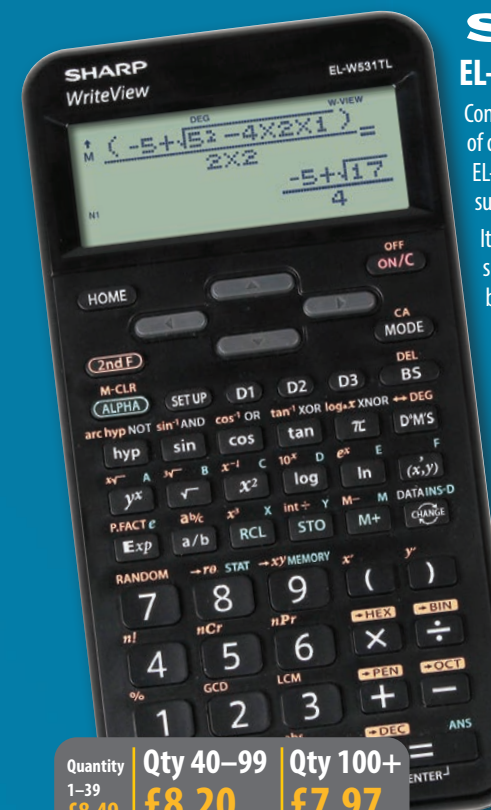

SCIENTIFIC CALCULATORS – PERFECT FROM YEAR 7 THROUGH GCSE.

Prices in brackets include VAT.

SHARP EL-W531TL WriteView

Continuing Sharp's tradition of quality and reliability, the EL-W531TL has functions ideally suited to GCSE maths studies.

It displays fractions, square roots, surds and logarithms to any base including base, powers, reciprocals, trigonometric ratios, hyperbolic functions, etc., just as they are written, in textbook layout. Additionally there are powerful statistical analysis features, random number generator and the ability to work in different base number arithmetic.

Quantity 1-39	Qty 40-99	Qty 100+
£8.49 (£10.19)	£8.20 (£9.84)	£7.97 (£9.56)

ORDER 30 FOR FREE DELIVERY

FREE EMULATOR to project an interactive calculator to your whiteboard.

sharp-calculators.com/en/14/127-downloads/Software
All emulators compatible with Zoom, Teams and Google Meets

SHARP EL-531TH

The latest in a long and successful line of EL531 calculators. Replaces the previous models EL531W and EL531XB with identical functions and a more modern design. A calculator perfectly suited to GCSE maths studies and offering superb value for money!

One Price Any Qty
£4.95 (£5.94)
ORDER 51 FOR FREE DELIVERY

AURORA AX-595TV

Displays expressions in a textbook format, as written or viewed. Factorial, permutations and combinations, random number generator, two-variable stats, function evaluation table and much more! LCM, GCD and quotient/remainder divisions. Robust design with hard keys and a slide on plastic case with a 3 year warranty.

Quantity 1-39	Qty 40-99	Qty 100+

CASIO fx-991CW CLASSWIZ

Successor to the popular FX991EX and the most advanced scientific calculator for use in GCSE through to A Level.

The new ultra high definition screen and user friendly menu give your students easy access to the most sophisticated features.

- Simultaneous linear equations in 2-4 unknowns
- Matrices up to 4x4
- Probability distributions for normal, binomial and Poisson probability functions. Includes probability and cumulative probability distribution for all functions, and inverse normal distribution.
- 2nd-4th degree polynomials and inequalities
- Riemann integrals
- Enhanced Vector features offering the ability to show the angle between two vectors.
- Enhanced equation solver and a super-fast processor
- Simulations with Mathbox.
E.g. Dice app where students can predict answers to assist self learning. Includes dice roll, coin toss and number line apps.

A new, sleek design with a textured grip, newly designed keys and the clip-on protective cover, the FX991CW is the best choice to help you deliver your maths syllabus.

Calculators not shown here can be especially compiled into class sets. Please enquire for pricing.

CLASS SETS

Easy to store and keep safely, our Scientific Class Sets are the convenient way to buy calculators for everyday use.

Engrave them to differentiate from pupil calculators at little extra cost. Supplied in Gratnells boxes with 'Secure Stack' inner with 30 slots and a lid, ready to use, as shown aside. No unpacking, no waste!

IN-HOUSE LASER ENGRAVING SERVICE WITH HIGH QUALITY AND FAST DELIVERY!

Secure your school stocks of calculators by selecting one of the distinctive colours of calculator and then engrave with school name, department details or even sequential serial numbers.

For pupils, we can engrave individual names. Everything is done in-house so as not to affect our 24 hour delivery promise.

Exam eligibility – Particularly in the case of graphics, JCQ and awarding body guidelines are confusing! Marking eligible models takes away any chance of error, either by pupil or invigilator.

Standardisation – Ensure all pupils have the appropriate technology by ordering centrally and marking calculators.

Economy from security! – No more disputes of ownership where identical products are owned by school and pupils.

Ownership – Pupils will value a personalised item and take more care of it.

Serial numbering – We can sequentially number calculators if they are for your own stock allowing accurate inventory control.

School branding – Help to foster pride in your organisation and in mathematics by engraving your logo and department details.

How to order:
We simply need to know your choice of calculator, where you would like the engraving and what you would like engraving, preferably in electronic form.

We love to speak to our customers so a quick 'phone call of 2 minutes to 01869 344500 is ideal. Alternatively, an email or school order with print details attached is fine.

THIS SERVICE IS QUICK, EFFECTIVE AND AFFORDABLE. PLEASE CALL NOW OR MENTION ENGRAVING AT THE TIME OF ORDERING IT WILL TAKE JUST A FEW MINUTES TO ARRANGE!

Logo and 2 lines of text on the back
Just £1.50 +VAT per calc
ORDER CODE: LASER2

JUST £20 TO ENGRAVE THE ENTIRE CLASS SET! See page 6 for product details and pricing

Up to 4 lines of text that can include pupil names, department, serial number etc.
Just £1.00 +VAT per calc
ORDER CODE: LASER1

Over 300,000 calculators engraved and no price rise since 2014!

Prices in brackets include VAT.

CASIO fx-CG50

With a focus on teaching maths for mastery, deep understanding of mathematical concepts and techniques can be achieved through applying theory to a variety of contexts and scenarios. Technological tools, such as the Casio fx-CG50 as well as Oxford Educational's new robotics range, provide opportunities for visualisation, problem-solving and mastery of mathematical concepts.

A portable and dependable device, accessible anytime, anywhere!

- An intuitive tool that enables visualisation of maths, helping students to form conceptual understanding and discover links
- Powerful computation functionality beyond that found on even advanced scientific calculators
- fx-CG50 is accessible immediately – no laptops or computer rooms need to be booked
- fx-CG50 can be used in the exam – unlike any other type of technology
- Teacher support includes a free software emulator, free training and free ready-made learning resources
- 3D graphing for Further Maths
- Approved for use in GCSE, AS/A Level, Standard Grade, Higher Grade and Advanced Higher Grade examinations and all IB courses and examinations
- OS3.8 Includes the latest Python STEM subjects.
- 2 exam modes: UK exam mode makes it easy to check that the calculator has been cleared of data for UK examinations. IB exam mode is still available for DP examinations.

Free of Charge Software Emulator Licenses:

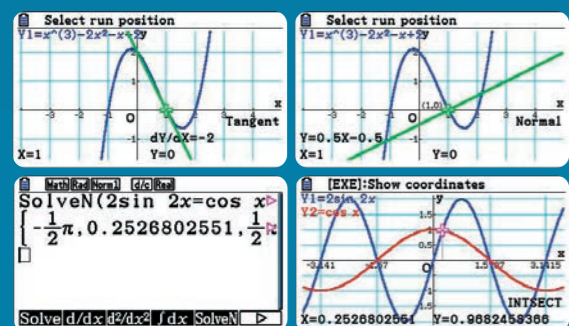

Project a large facsimile of the fx-CG50 via your data projector and use on your IWB and Perfect for use in distance learning. Excellent for instruction on use, screen grabs for creating worksheets and following step-by-step calculations.

We are able to offer UK schools one year single or network licenses completely free of charge.

TEXAS INSTRUMENTS TI-Nspire™ CX II-T

The TI-Nspire™ CX II-T handheld and associated software is designed to generate opportunities for classroom exploration and to promote greater understanding of core concepts in mathematics.

Nspire™ CX II-T has been developed through sound classroom research which shows that **linked multiple representations are crucial in development of conceptual understanding.** Nspire™ CX II-T provides simultaneous, dynamically linked representations of graphs, equations, data and verbal explanations, such that a change in one representation is immediately reflected in the others.

In addition to the flexibility offered by Nspire™ CX II-T's menu-driven interface and built-in document structure, this model is enhanced by a backlit colour screen onto which images can be imported, helping bring concepts to life. Fitted with a

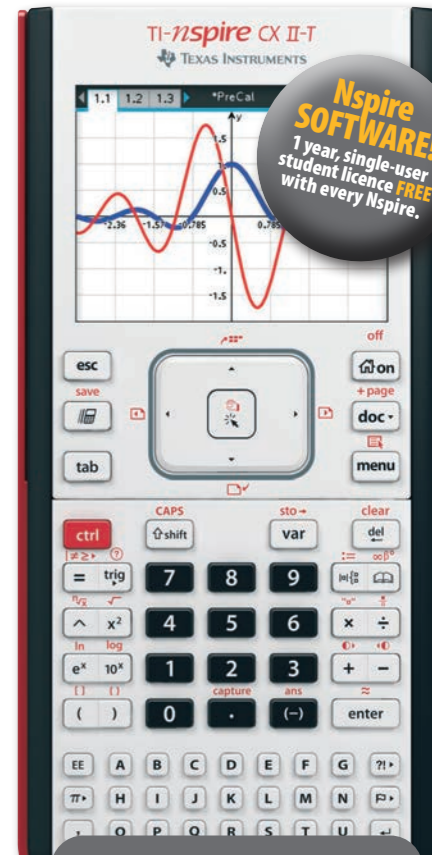

rechargeable battery which can be recharged with a USB cable connected to your computer, the Nspire™ CX II-T Docking Station (for the classroom) or a wall charger. Battery life is expected to last up to two weeks under normal use.

Users can experience the same interface on the Nspire™ CX II-T and in the TI-Nspire Software, enabling integration with existing classroom ICT infrastructure and projection systems to offer whole class teaching and personalised learning opportunities and is included with your product. TI-Nspire works with all major interactive whiteboard technologies.

TEXAS INSTRUMENTS Docking Station

TI-Nspire™ CX II-T Docking Station charges up to 10 TI-Nspire™ CX II-T and can simultaneously upload documents, class activities and homework using Teacher Software which is included.

TEXAS INSTRUMENTS TI-84 Plus CE-T Python Edition

A slimline, modern graphic calculator with a back-lit pin-sharp and colour screen and rechargeable battery, allowing the familiar style of operation of the TI84 with new features and functions including:

- Real and complex calculation results are calculated with 14-digit accuracy and displayed with 10 digits and a 2-digit exponent
- Draws 10 functions, 6 curves in parameter form, 6 curves in polar form and 3 recursively defined sequences
- Up to 10 functions can be defined, saved, drawn and analysed simultaneously
- In the mode of sequence graphs, the sequence can be displayed as a time graph or as a phase diagram
- 17 interactive zoom features
- Numerical evaluations are shown in table format for all graph modes
- Interactive analysis of function values, zeros, max values, min values, integrals and derivatives
- 8 different graph styles make it easy to distinguish between the different graphs that are drawn simultaneously
- The matrix functions include inverse, determinant, transpose, extended matrix, reduced row step shape and elementary row operations; matrices can be converted to lists and vice versa
- List-based, 1- and 2-variable analysis: logistic, sinusoidal, median-median, linear, logarithmic, exponential power, square, cubic and 4th degree regression models
- 3 statistical definitions for scatter charts, xy charts, histograms, common and modified box charts and normal distribution plots
- Advanced statistical functions including 10 functions for hypothesis tests, 7 functions for confidence intervals and 1-way analysis of variance (ANOVA)
- 15 probability distribution functions, including normal, Student-t, chi-square, binomial and Poisson
- Interactive editor for equation solution allows numerical solution of various variables in an equation
- 11 regression model calculations
- Includes Python programming capabilities
- Grid lines may be added to graphs to improve accuracy of interpretation.

TI Charging Station CE

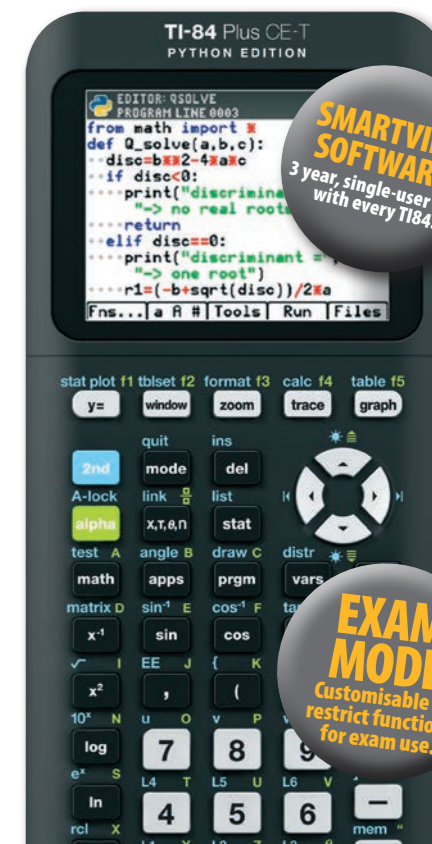

The TI Charging Station CE helps keep calculators organised and ready to use. Key features:
Recharges up to 10 calculators at a time
Stores calculators as they recharge
Compatible with TI-84 Plus CE-T Python Edition graphing calculators.

£64.95 (£77.94)

TI-SmartView Emulator Software FREE!
Single user emulator license now included with every calculator.

Five-user network licences
£64.95 +VAT PA
Additional licenses £12.50 +Vat each PA

SMARTVIEW SOFTWARE!
3 year, single-user FREE with every TI84.

Oxford Educational EdTech Newsletter

Sign up for Oxford Educational's EdTech newsletter, a monthly balanced view from the world of EdTech, to receive a **free school-year calendar mouse-mat!**

Learn how robotics can change your approach to teaching by visiting our 'Robotics in Teaching' page to find out more!

Visit our robotics website to find out more!

At Oxford Educational Supplies, we are committed to helping schools be equipped for the future of education.

Growing from consumers to creators of technology, children's relationship with mathematics and STEM subjects is evolving, with teaching and learning at the forefront of this shift. Schools are being transformed by new classroom technologies which emphasise 'learning-by-doing', with pedagogical research underpinning this change. While theoretical knowledge from maths lessons is important, students need hands-on experiences to actively apply and create using mathematical concepts.

Teaching for mastery involves pupils understanding subjects such as mathematics in a variety of contexts, developing problem-solving skills and creativity in their approach to the subject.

This approach aims to develop students who can use mathematics as a practical tool in various real-world contexts. Learning maths using coding, computing, and robotics allows pupils to more effectively visualise how abstract mathematical concepts apply to real world scenarios; providing the perfect hands-on learning tools for teachers.

"Programmable robots which might have once been scientific fantasy have become child's play, inspiring the imagination and curiosities of future engineers"

Your walking, talking, dancing, eyebrow-wiggling coding robot that's brimming with personality! Visualise and apply mathematical theories to real world scenarios as you progress through Marty's curriculum.

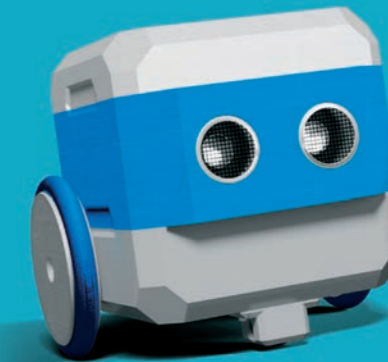

The ultimate STEM classroom solution, Marty the Robot offers a seamless learning experience from introductory screen-free coding to advanced Python programming, taking pupils from Early Years all the way through to Further Education!

SAME DAY DESPATCH, EVERY DAY

Despatch will be made the same day as receipt of your order that may be placed in one of the following ways:

ORDERING BY EMAIL

School, pupil and personal orders are gratefully received. Please email: sales@oxford-educational.co.uk

ORDERING BY PHONE 01869 344500 Direct to Sales!

No switchboards, no endless menu options, simply straight to a friendly and helpful person within seconds! We love to talk to our customers and we can often bring you right up-to-date with product and offers so call us anytime.

ORDERING BY POST

School orders are gratefully received. Oxford Educational Supplies Limited, Unit 19, Weston Business Park, Weston on the Green, Bicester, Oxon OX25 3SX.

ORDERING ONLINE www.oxford-educational.co.uk www.studentcalculators.co.uk

Our on-line catalogue for use by teachers, purchasing departments, pupils and parents.

PAYMENT

All UK schools have an account with us! An invoice will be sent with goods for payment within 30 days. For private orders, please order on our secure website, we accept bank transfers and all major credit/debit cards except AMEX.

CARRIAGE

Carriage is free on orders over £250 ex VAT. Carriage will be charged to a maximum of £7.95 on orders of less than £250 ex VAT. Overseas deliveries carry a carriage surcharge. We will confirm costs before despatch.

CUSTOMER SERVICE

If you need any further information please call Customer Service on 01869 344500.

NO RETURN RETURNS POLICY!

For our many regular customers we will replace any faulty product with a brand new item without the need to return the faulty unit. Simply call us to report the problem and a new calculator will be with you within 24 hours. This scheme is designed to save teachers time and trouble on the rare occasion a fault occurs. For the few who are not regular customers, please return faulty product by Recorded Delivery with a brief letter stating the fault, when purchased and your contact details.

There is no change to our comprehensive 3 year exchange for new guarantee that covers all products. Our guarantee is 'no quibble'. If we cannot repair a product to your satisfaction within 48 hours of receipt we will replace it with a brand new equivalent. We would recommend that you use Recorded Delivery for all returns for your own protection. Please ensure that you enclose a brief letter stating your name and address and the reason for return. All trademarks are acknowledged as the property of their respective owners. E&OE

FOREVER ANGELS

10 years of financial support from Oxford Educational!

Forever Angels Family Homes provides interim care for orphaned and abandoned babies in Tanzania reuniting them with their relatives. Forever Angels cares for abandoned babies temporarily until biological relatives or a foster or adoptive family can be found.

Maisha Matters provides nutrition, emergency items, education, and business support so families can care for their own children and live independently.

www.foreverangels.org

SPECIAL SCHEMES FOR SCHOOL PURCHASES 2024

FORWARD ORDER: We will hold the physical stock exclusively for you and you can call it off when you need it with the price fixed.

SALE OR RETURN: Particularly suitable for offers to pupils or to have product available at parents evenings. Similar to forward ordering but with the added flexibility that you can return unsold stock.

It works like this.....

Please telephone your order to us stating that you would like 'Sale or Return'.

Make a sensible estimate of your requirements and the goods will be despatched to arrive with you on your requested date (this can be immediately or many weeks in the future, for example, next term). We do not require a school purchase order at this stage.

A provisional invoice and delivery note will arrive with the goods that you hold until the process has been completed. Do not submit this invoice for payment, it is just for information at this stage. The goods can stay with you for up to 30 days without the obligation to purchase anything at all!

If at the end of 30 days you have sold everything simply submit the invoice for payment within the next 30 days. The complete process can take 60 days, plenty of time and no pressure!

If you do have stock left over, we can arrange collection by DPD at £9.95 + VAT per box or you may return small quantities by post. Please use Recorded Delivery for your own protection.

If initial estimates are reasonably accurate we rarely find a need for returns and additional stock can be with you within 24 hours so there's no need to over order.

EXTENDED CREDIT: Receive the goods now and pay 60 days later. Combined with Sale or Return this is a very useful scheme for use at parent evenings for new intakes or for pupil offers. The price is fixed at the date of ordering and this can allow the acquisition to payment cycle to be as long as a whole term!

ECO PACKAGING - NO MORE PLASTIC!

We are delighted that all calculator manufacturers have stopped using plastics in their outer packaging.

All of our suppliers have made great efforts in creating more sustainable products:

- No more plastic "blister" style retail packaging,
- Only recyclable card and handbooks now mostly downloaded.
- Much smaller individual packs saving resources on transport. 50% reduction in volume and 25% reduction in weight.
- New courier - We've changed courier! DPD offer the most sustainable logistics solution and have committed to a 100% electric fleet by 2025.
